An example cash report showing a  
breakdown of typical shift transactions

## Benefits

- Small size so it is easy to manoeuvre
- Lightweight so there is reduced risk of injuries at work
- Carry strap so operator's hands are free
- Long battery life so no down time during shifts
- Limited features so the purchase price is kept low
- Hot Keys so that tickets can be found quickly
- Limited ticket types so it is easy to use
- Single user accounts so shift handover is quick and easy
- Interchangeable currency symbol so the machines can work abroad
- Time/ date settings so the tickets are fully traceable
- Manager spot checks so theft is minimised
- End of shift reports so cash up is quick and easy
- Simple configuration so managers are responsive to market
- Common paper sizes so the prices are competitive
- Fast ticket issue so the queues are minimal
- Good quality print so the tickets look professional
